This handy little guide is here to help you find your perfect Veil length.

Want fun and flirty? Shoulder or elbow is the way forward!

Embracing romantic elegance? Chapel and cathedral are your girls!

**Tulle & Flo Tips:**

To find your perfect Veil length, measure from the top of where you'd like your Veil to sit in your hair, to where you'd like it to fall to.

If in doubt always opt for longer, we can always shorten your Veil.

When measuring, let the tape measure fall naturally as your Veil would. Pulling the tape measure tight will result in your Veil being too short.
